The Houston Junior Forum (HJF) presents its third annual The City Market event at POST Houston on Apr. 5 and 6. Shoppers can usher in the spring season at the curated market featuring a wide range of vendors. Grab your shopping pals and find unique clothing, home décor, gifts, and more while supporting charitable services for children, youth, women, and senior adults. The City Market raises funds for HJF's College Scholarship and Community Grants Programs. Since 1965, the College Scholarship Program has awarded more than \$2,000,000 in multi-year scholarships, and the Community Grants Program, initiated in 2010, has provided more than \$1,000,000 to Houston-focused nonprofit organizations.
